**RESPONSE TO QUESTION ON NOTICE**  
**Questions on Notice Paper No 2**  
**Friday, 7 February 2025**  
**Question No. 154**

**MR BRADDOCK:** To ask the Minister for Transport —

1. What is the Government's position on the Gungahlin Transport Plan to improve bus accessibility to the town centre and reducing time buses are stuck in traffic, given that the Gungahlin Transport Plan includes the priority recommendation to “improve bus access/egress arrangements at Gungahlin Interchange to re-route away from intersection of Ernest Cavanagh and Gozzard Street”, and it suggests this could be through an access way connecting Gungahlin Place northwards to Anthony Rolfe Avenue, and that this should be done in the next five years.
2. Will the Government be undertaking a detailed bus network review given that the Gungahlin Transport Plan recommends such a review; if so, when.
3. Will the Government provide its response to the Gungahlin Transport Plan in the Assembly; if so, when?

**Mr Chris Steel MLA – The answer to the Member's questions are as follows:**

1. Transport Canberra and City Services (TCCS) engaged WSP Australia to assist with developing the Gungahlin Transport Plan. WSP Australia delivered its final report in January 2025. The focus of this report is the Gungahlin Town Centre. A separate project deliverable was to develop a technical Memo to identify priority transport segments for infrastructure improvements.

Both the final report and technical memo consider various modes of transport, including public transport, and will be used to develop the ACT Government's transport plan for Gungahlin.

2. The bus network is regularly reviewed to ensure a quality service is being provided for Canberrans.

3. No. The Gungahlin Transport Plan was commissioned for the purpose of informing the ACT Government's transport plan for Gungahlin, and is subject to future consideration by Government to inform budget decisions related to transport infrastructure and services in the Gungahlin area.

**Approved for circulation to the Member and incorporation into Hansard.**

**Chris Steel MLA  
Minister for Transport**

**Date:**.....3/3/25.....

This response required 30 mins to complete, at an approximate cost of \$69.13
