Question No. 611

**Ms Jo Clay MLA:** To ask the Minister for City and Government Services

1. Has the ACT Government conducted any traffic studies on pedestrian crossings on College Street between Eastern Valley Way and Benjamin Way in the past five years.
2. Why is the part of College Street referred to in part (1) outside of the 40km/h zone in Belconnen centre, given it connects a residential area with the commercial hub in Belconnen.
3. Has there been any consideration for a pedestrian crossing in the part of College Street referred to in part (1) to provide better connectivity between the residential area and Belconnen centre.

**TARA CHEYNE MLA** - The answer to the Member's question is as follows:

1. Roads ACT undertook inspections for a pedestrian crossing request on College Street in 2024. No traffic studies were undertaken, as the location was deemed not suitable due to traffic lane configuration.
2. When the Belconnen Town Centre 40km/hr zone was established, that section of College Street was not considered suitable for inclusion as it did not have a strong commercial or retail frontage.
3. No, other than the initial review in 2024.

**Approved for circulation to the Member and incorporation into Hansard.**

**Tara Cheyne MLA**  
Minister for City and Government Services
