Question No. 677

MS CARRICK MLA: To ask the Minister for Education and Early Childhood

Can the Minister provide the number of students from each suburb across Canberra and NSW for

(a) Melrose High School,

(b) Alfred Deakin High School and

(c) Stromlo High School,

with the number of students from each suburb adding to the total number of students for each school.

YVETTE BERRY MLA - The answer to the Member's question is as follows:

The following data are based on the primary address for each student, recorded at the August 2025 census. Student address data is supplied at time of enrolment, unless otherwise updated by the family with their school. Students may also reside at a secondary address in a different suburb.

Suburbs where the number of enrolments is lower than five students are indicated as "<5" to reduce risks of students being identified.
