RESPONSE TO QUESTION ON NOTICE

Questions on Notice Paper No 1

6 December 2024

Question No. 86

MS CLAY MLA - To ask the Minister for Planning and Sustainable Development:

In relation to a Social Infrastructure Study for Urban Intensification Localities in the ACT for which Urbis was engaged to undertake in 2019, (a) what was the output of the study and (b) was that output publicly released; if not, can it be released.

MINISTER STEEL MLA - The answer to the Member's question is as follows:

- (a) The outputs for this study included a report with a high-level assessment as well as ACT Government and Aboriginal and Torres Strait Islander Affairs engagement for social infrastructure across urban intensification areas within the districts of Belconnen, Woden, Gungahlin and Tuggeranong; as defined in the 2018 ACT Planning Strategy.
- (b) According to the Environment Planning and Sustainable Development Directorates records, the report was not publicly released as it was prepared for internal use to help inform the development of government policy and processes; and informed the implementation of the 2023 District Strategies. Noting the report was not intended for public release, I have sought advice from the Directorate on the publication of the report.

Approved for circulation to the Member and incorporation into Hansard.

Chris Steel MLA

Minister for Planning and Sustainable Development
