**Question No. 80**

Asked by Ms Clay MLA –

1. How many (a) referral and complaints has the Environment Protection Authority (EPA) received relating to land use, (b) investigations relating to land use has the EPA undertaken, (c) investigations were proactive auditing and compliance and (d) investigations were in response to complaints, for each year from 2014 to present.

**Ms Cheyne MLA** - The answer to the Member's question is as follows:

Land use is not a particular mechanism for complaints or investigations under the Environment Protection legislation which focuses on the impacts of activities, not on land use. The Environment Protection Authority (EPA) does not regulate land use.
