Asked by **MR HANSON** –

Minister, is the government using PwC to assist with the takeover of Calvary Public Hospital? If so, what role is PwC performing and how much is it being paid?

MINISTER STEPHEN-SMITH MLA - The answer to the Member's question is as follows:

The Territory's current engagement with PwC has a total value of \$2.304 million including GST, this will be reflected on the contracts register when a deed of variation is finalised and uploaded to the contract register. The contract register has the current contract with the ACT Health Directorate and PwC and an executed deed from a previous variation. This contract covered the development of the infrastructure business case and commercial advice through 2022.

Approved for circulation to the Member and incorporation into Hansard.
