MR CAIN: To ask the Minister for City Services —

Does Transport Canberra and City Services have any plans to remove the emerging gum trees that are growing at Mathieson Crescent Park in Weetangera; if so, what is the current timeline on completing their removal.

Tara Cheyne MLA – The answer to the Member’s questions are as follows:

No. This site forms part of an Environment, Planning and Sustainable Development Directorate’s Sustainable Urban Green Space initiative. The emerging eucalyptus trees and grasses are part of a project to explore re-naturalising some parts of urban open space with endemic or native species.

Approved for circulation to the Member and incorporation into Hansard.
