Question No. 849

**Ms Deborah Morris MLA:** To ask the Minister for Police, Fire and Emergency Services –

1. In relation to the Rosenbauer hybrid electric fire truck, (a) has the truck returned to the ACT; if so, (i) on what date did it return to the ACT, (ii) has it returned to service and (iii) is it fully operational; if not, (i) why not and (ii) what date is it expected to return to the ACT and to service, and (b) on what date does the warranty expire.

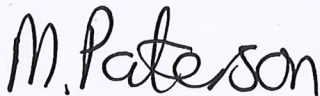

**DR MARISA PATERSON MLA** - The answer to the Member's question is as follows:

If you are referring to the most recent issue involving the traction battery, the truck never left the ACT. Technicians from Rosenbauer attended the ACT to diagnose faults and commence repairs within the ESA Workshop.

The truck has not yet returned to service, repairs are still ongoing and no date has been provided for when the truck will return to operational service.

The warranty expires on 31 December 2026.

Approved for circulation to the Member and incorporation into Hansard.
