

Chris Steel MLA

Minister for Transport and City Services

Minister for Skills

Special Minister of State

Member for Murrumbidgee

RESPONSE TO QUESTION ON NOTICE**Questions on Notice Paper No 30****1 June 2023****Question No. 1232****MRS KIKKERT:** To ask the Minister for Transport and City Services —

- (1) In response to question on notice No 57 from the Annual and Financial Reports Inquiry 2020-2021, did the Minister advise that footpaths had been built at
 - (a) College Street, Bruce (ranking 265),
 - (b) Coulter Drive, Western Verge, Page (ranking 252),
 - (c) Joynton Smith Drive, Belconnen (ranking 14),
 - (d) Joynton Smith Drive, Belconnen (ranking 138),
 - (e) Luxton Street, Belconnen (ranking 2) and
 - (f) Stockman Avenue, Lawson (ranking 41).
- (2) Can the Minister confirm these paths have been built, completed and are available for use for path users.
- (3) If any of these paths have not been built, can the Minister explain why it was claimed they were delivered, when they have not been.
- (4) If these paths have been built, can the Minister advise on what date these paths were fully delivered and available for use and provide pictures of these sealed and completed paths with any relevant location IDs such as GPS coordinates, street names or marked maps.

MR STEEL MLA - The answer to the Member's question is as follows:

- (1) Yes. However, after further assessment, TCCS has acknowledged that there was an error with the supplied information.
- (2) The paths listed under parts 1 (a-f) have not been built.
- (3) The reason for the error in some of these cases is that the segment in question was mistaken for a different segment on that road which was delivered. For example, College St Bruce (#265) has not been constructed. However, a segment of the Belconnen Bikeway on College St Bruce was constructed. The paths listed in response to QON 57 (Question 1b), that reflect the 65km increase in the community path network was incorrect. The correct list is at [Attachment A](#).

(4) Please see responses above.
