

## Response to question on notice

### Questions on Notice Paper No 12

24 October 2025

Question No. 687

#### **Ms Fiona Carrick MLA: To ask the Minister for City and Government Services**

Is the Cotter Road traffic study, referenced in the answer to a question without notice on 3 September 2025, regarding safety issues at the entrance to the Amberfield complex looking at the whole length of Cotter Road, or just the section west of the Tuggeranong Parkway.

**TARA CHEYNE MLA** - The answer to the Member's question is as follows:

The Cotter Road traffic study is focused on identifying practical treatments to enhance traffic flow and public transport efficiency along Cotter Road between Streeton Drive and the southbound Tuggeranong Parkway on-ramp.

The City and Environment Directorate is also working closely with Amberfield Retirement Village (located on Blocks 864 and 1151 Weston Creek) to support the identification of short- and longer-term treatment solutions. This includes traffic modelling to assist the developer to meet their obligations under their Crown Lease; that is, providing adequate access to Cotter Road.

Approved for circulation to the Member and incorporation into Hansard.

**Tara Cheyne MLA**  
City and Government Services
